★ BE PREPARED

FOCUS ON ACADEMICS

Feeling the Sophomore Slump? Don't give up! Keep studying hard and giving it your best. Good grades look great on college applications and open the door to more scholarships.

CONSIDER AP AND DUAL CREDIT CLASSES

Interested in a head start? Talk to your school counselor about AP & dual enrollment classes! You can earn college credit before even stepping foot on a college campus - and save money and time because of it.

FAMILIARIZE YOURSELF WITH ACT/SAT

These scores are not the only thing colleges look at, but they are important. Try to take some practice tests, learn your weaknesses, and study hard to improve. Once you feel ready, sign up and take the real thing.
